

Modern Slavery Statement 2020 - 2021

724
County size in sq miles

67.8
all crimes per 1,000 population

Introduction

Modern slavery is the illegal exploitation of people for personal or commercial gain. In its wider sense it is commonly accepted to include:

- sexual exploitation
- forced or bonded labour
- human trafficking
- criminal exploitation
- financial exploitation
- domestic servitude
- child slavery
- offences under the Protection of Children Act 1978 or the Sexual Offences Act 2003
- forced or early marriage

Buckinghamshire Council has responsibilities as an employer and procurer / commissioner of services and also has duties to notify the Secretary of State of any suspected victims of slavery or human trafficking (as introduced by section 52 of the Modern Slavery Act 2015) and to take action and work with other responder agencies (Civil Contingencies Act 2004).

Publishing this statement on a voluntary basis demonstrates our public commitment to play our collaborative part in reducing modern slavery and human trafficking, including through effective partnership working (prevention, identification, awareness raising, information sharing and enforcement).

This statement sets out the steps we have already taken and are planning to take to help detect modern slavery in our own services, businesses and our supply chains. It covers all direct employees, agency workers and externally contracted workers (e.g. consultants).

This statement covers the reporting period April 2020 - March 2021

Organisational Structure and Supply Chains

Buckinghamshire Council is a new unitary authority covering the county of Buckinghamshire and a population of 547,000 people. The Council's vision is to make Buckinghamshire the best place to live, raise a family, work and do business.

The Council has an annual budget of £459 million and employs 4146 staff across 6 directorates (Adults & Health, Children Services, Communities, Deputy Chief Executive, Planning, Growth & Sustainability and Resources). As a large unitary authority, it has 147 Councillors supported through a cabinet and committee structure.

The Council purchases goods and services and works from 1495 suppliers, across a number of categories. It is recognised that the Council's supply chains are global and complex, with many high labour content contracts. Modern slavery risks are present throughout the contracting lifecycle and the Council is therefore embedding due diligence into its contract and supplier management programme.

Governance

GOVERNANCE	
Planned Actions for 2020-2021	Actions taken in 2020-2021
Activity was not listed in the previous statement. This is a new development for the current statement in line with best practice.	 ✓ Approved our partnership Safer Bucks Plan for 2020- 23 which has 'protecting vulnerable people' as one of its 5 priorities. Its delivery plans describe our work to tackle modern slavery, including support for victims, disruption of perpetrators and raising awareness with local communities ✓ Developed a Missing and Child Exploitation protocol for working with vulnerable young people

Policies and Procedures

The following policies and procedures are considered to be key in meeting the requirements of the Modern Slavery Act and helping the Council to ensure that it is taking reasonable action to address the risk of this crime occurring in Buckinghamshire.

✓ Employees Code of Conduct

The Council's Employee Code of Conduct makes clear to employees the actions and behaviours expected of them when representing the Council. The Council strives to maintain the highest standards of employee conduct and ethical behaviour and breaches are investigated.

✓ Councillors Code of Conduct

The Council expects all Councillors to demonstrate the highest standards of conduct and behaviour. All Councillors are required to abide by a formal Member Code of Conduct. Allegations of breaches are initially handled by the Monitoring Officer. Both the Code and Complaints Process are in the Council's Constitution.

✓ Recruitment

The Council's recruitment processes are transparent. This includes robust procedures in place for the vetting of new employees and ensures they are able to confirm their identities and qualifications, and they are paid directly into an appropriate, personal bank account.

✓ Agency Workers and Pay

The Council has a managed service contract in place with Pertemps for the provision of temporary agency staff. Modern Slavery is included as part of Pertemps' Supplier Information Form which is sent across to all 2nd Tier Supplying Agencies to complete. The Council through its human resources policies ensures that all employees are paid fairly and equitably.

✓ Whistleblowing

The Council encourages all its employees, workers, consultants and agency staff to report any concerns related to the direct activities or the supply chains of the Council. The Council's whistleblowing procedure is designed to make it easy for employees to make disclosures, without fear of reprisal or victimisation

✓ Corporate Complaints System

The Council operates a complaints procedure to deal with complaints about its services, and this can be used to report community concerns such as overcrowding or issues which might reveal slavery or trafficking and which merit investigation or reporting to a partner agency.

Business Planning

The Council's business plans include a section on safeguarding that specifically makes reference to human trafficking and the steps those services will take to manage that risk.

Safeguarding

The Council takes very seriously its responsibilities to safeguard the welfare of children and vulnerable adults and protect them from harm and develops, implements and monitors its policies and procedures accordingly. We've created a set of guidelines and rules that apply not just to employees but to volunteers and contractors and anyone else who will work in these circumstances.

There is a clear pathway for all modern slavery referrals into Adult Social Care with officers trained in the Safeguarding and Locality Teams. Information on referrals is routinely reported to the Safeguarding Adults Board.

There is a clear pathway for all referrals into Children's Social Care with officers trained in the MASH and Locality Teams. There is a clear pathway for all referrals where it is considered that a child is at risk of exploitation and a specialist Missing & Exploitation Hub equipped to work with those children.

Partnership working

The Missing and Exploitation Hub is a multi-agency team made up of partners from Children's Social Care, Thames Valley Police, Barnardo's, Health and Education as well as a Parent worker. The Hub primarily provides consultative support to lead professionals working with children and young people who are victims of exploitation and can work with and signpost those in need of support up to the age of 25.

The Council is a member of the Safer Buckinghamshire Board. This represents the county's Community Safety Partnership (CSP) as defined under Section 5 of the Crime and Disorder Act 1998. CSPs are defined as: "An alliance of organisations which generate strategies and policies, implement actions and interventions concerning crime and disorder within their partnership area".

The Council has responsibilities under the Modern Slavery Act as a first responder and in tackling modern slavery and exploitation which are not covered in detail within this Modern Slavery Statement. The wider work we are undertaking as a council is addressed through the Safer Buckinghamshire Plan and associated delivery plans under the Safer Buckinghamshire Partnership and our shared working through the Joint Protocol.

There is also a countywide Anti-Slavery and Exploitation Network (the Bucks A-SEN) which brings together over twenty separate organisations from the public, private and voluntary sector. The network meets regularly to share best practice, increase understanding and help deliver against the priorities identified by the CSP.

Joint Protocol

The Joint Protocol recognises that many agendas are shared and that all players have a role in safeguarding children and adults who are vulnerable to abuse, neglect and exploitation. The Joint Protocol has been formally signed off across the Health and Wellbeing Board (HWB), Safer Buckinghamshire Board (SBB), Buckinghamshire Safeguarding Children Partnership (BSCP), Buckinghamshire Safeguarding Adults Board (BSAB). It aims to ensure:

- there is clarity and agreement regarding the roles and responsibilities of different partnerships and boards in relation to safeguarding
- that governance arrangements are clear and work is well co-ordinated, preventing duplication of effort
- that we achieve more by working together
- that working together has a positive impact on people and communities
- that there is effective challenge and scrutiny of safeguarding arrangements across Buckinghamshire

Training and Development

TRAINING AND DEVELOPMENT	
Planned Actions for 2020-2021	Actions taken in 2020-2021
Activity was not listed in the previous statement. This is a new development for the current statement in line with best practice.	 ✓ Worked with Willow, Thames Valley Partnership to provide virtual training to over 80 staff and partners across Buckinghamshire to raise awareness of modern slavery and exploitation. This brings the total number of professionals trained countywide to over 900. ✓ Created a bespoke e-learning training package about modern slavery and exploitation for Council staff, available via its corporate E-learning Hub. ✓ A further 38 Contract Management staff have undertaken training on Modern Slavery in the Supply Chain. ✓ We have provided mentoring / advice to a number of team members on a project-by-project basis.

The Council has a programme of mandatory training that all employees and members must complete, including eLearning Safeguarding Awareness which references modern slavery.

As part of the Council's Safer Buckinghamshire Plan there is introductory training on modern slavery and exploitation for front line professionals and Single Point of Contact (SPOC) training as part of our first responder role and our local authority duty with the National Referral Mechanism (NRM). Bespoke eLearning to raise awareness of modern slavery and exploitation is now also available for council staff.

Our Procurement team delivers a training package for both procurement exercises and for contract management which highlights the potential risk of modern slavery and signs that officers should look out for. Contract Managers are required to undertake this training module.

Managing Risk and Due Diligence

MANAGING RISK AND DUE DILIGENCE	
Planned Actions for 2020-2021	Actions taken in 2020-2021
Activity was not listed in the previous statement. This is a new development for the current statement in line with best practice.	✓ Contract managers have been provided with the skills to readily identify modern slavery and exploitation risks within the supply chain and clear pathways for escalating concerns
	✓ We have drafted a risk-based approach to our contracts. This considers industry type (risks vary across sectors), complexity of supply chain (visibility and level of delivery supervision), the nature of the supplier / contractor workforce (labour content and qualification), context in which the supplier operates (level of control within supplier supply chain), and supplier location (geographic / legislative assessment).
	✓ The Council participates in several partnership groups sharing experience and understanding, allowing the development of experience and skills ahead of the pace that would be possible at an organisation level.

The Council's contract procedure rules provide clarity as to the requirements for commercial decisions to safeguard the Council from potential claims that put into question the integrity of the Council and its employees. The Council has standard contract terms and conditions that include an appropriate clause placing obligations on suppliers to comply with the Modern Slavery Act 2015. By including requirements within our terms and conditions we have begun to close the door on new contracts being established where there are risks of modern slavery and exploitation.

Where there is a risk assessment for the potential for modern slavery to occur, contract managers will seek reassurance that the supplier has policies, procedures and training in place to detect and deter such abuse. Training is in place to help officers understand the risk of modern slavery and what actions they should take, including undertaking surprise audits of a supplier's place of work.

Planned Actions for 2021 - 2022

Governance

- ✓ Develop Key Performance Indicators for modern slavery and exploitation training
- ✓ Establish a partnership group to work together to tackle child and adult exploitation, to support the priorities of the Safer Buckinghamshire Board and Safeguarding Boards in helping vulnerable people.

Training and Development

- ✓ Continue to deliver virtual training sessions to staff and partners across Buckinghamshire to raise awareness of modern slavery and exploitation.
- ✓ Identify key staffing groups to undertake e-learning and roll out to agreed service areas.

- ✓ Develop toolkit for Members to raise awareness of councillor responsibilities for modern slavery and exploitation.
- ✓ Improve staff understanding of modern slavery and exploitation through increased service representation at Bucks A-SEN and promotion of Anti-Slavery Day.

Managing Risk and due diligence

- ✓ Undertake a risk assessment of our suppliers utilising the Modern Slavery Assessment Tool and national guidance to determine high risk areas.
- ✓ Introduction of mandatory contract management performance indicators on modern slavery and exploitation.
- ✓ Promotion of accreditation schemes that apply to supplier sectors and consider these as qualifying criteria for suppliers.

Approval

This statement has been approved by the Council's Cabinet Committee and is supported by the Safer Buckinghamshire Board, Buckinghamshire Safeguarding Children Partnership, Buckinghamshire Safeguarding Adults Board and Buckinghamshire Health & Wellbeing Board. It will be reviewed and updated annually. The statement, progress and new actions will be reported to the Cabinet Committee and, where appropriate other committees, annually for performance monitoring and assurance purposes.
